2. Purchaser: I am aware that my deposit/holding fee is non-refundable should I decide I do not want or am unable to take the puppy.
3. If the dog is not available due to sickness, death or any other circumstances owing to the fault of the seller, buyers deposit will be transferred to the next available litter/puppy of equal or lesser value.
4. The purchaser is responsible for any shipping fees and/or crates needed to deliver the puppy safely. Final payment for the puppy must be paid 72 hours prior to shipping date. Final payments can be paid via cash or Venmo.
5. Puppies are generally ready to go to their new homes at 8 weeks of age. Breeder reserves the right to keep any puppy for any additional period of time to insure it is fully ready to leave mom and breeder to go to its new home.

Breeder will hold the puppy up to 9 weeks of age. If the purchaser should need the puppy to stay after 9 weeks due to pickup/shipping arrangements or any other matter there will be a \$75 per week boarding fee plus any additional shots/wormer needed during that stay. Puppies must be paid in full by 8 weeks of age before holding any additional time.

HEALTH GUARANTEE

1. Seller offers a 1-year health guarantee.
2. Your puppy will have had all necessary vaccinations and deworming at the time of pickup or shipping/delivery and will have been examined by a licensed veterinarian prior to leaving. Red Dirt Dachshunds guarantees to the best of our knowledge that we are selling you, the buyer, a healthy puppy.
3. Buyer must take the puppy to a licensed veterinarian within 72 hours or 3 business days of pickup/delivery at the buyer's expense in order to be covered by this 1-year health guarantee.
4. Your puppy is guaranteed until 1 year of age against fatal life-threatening genetic disorders. This includes hip dysplasia, heart, liver, and knees. In the unlikely event that this occurs RDD must be notified within 48 hours of the licensed veterinarian's determination. At buyer's expense, RDD will need to be sent two reports from an unassociated licensed veterinarian, both stating the same problem. If the puppy is diagnosed with life threatening hip dysplasia, buyer will need to provide copies of x-rays.
5. This guarantee does not cover minor problems that can be caused by stress and changing the environment such as diarrhea and coccidiosis, allergies, undescended testicles, hernias, luxating patella, dermatitis and skin conditions that treatable, eye defects that can be reversed or treated, hypoglycemia (which is also called low blood

sugar or sugar shock). We do not guarantee against CDA. This is not something we can genetic test for to guarantee, although we do our best to prevent it.

6. Seller will not replace a puppy due to heat stroke, obesity, coat/color, abuse/neglect, improper socialization.
7. A returned puppy must be returned to the seller, RDD, with current vaccinations, in good condition other than the specific problem. In the unlikely event that the puppy should die within the 1 year time frame, the buyer must pay to have the puppy autopsied to show reason of death. The autopsy must show, without a doubt, the cause of death was a genetic problem, for a replacement puppy. RDD does not offer refunds. RDD will only replace a puppy, with a puppy from the next available litter.
8. This guarantee is null and void for any of the following reasons:
 - a. Change of ownership
 - b. Bred knowingly or accidentally at anytime under limited registration
 - c. Evidence of abuse or neglect.
9. 9. To ensure the buyer does not euthanize, or the puppy does not end up in a shelter, Buyer agrees to contact the seller first if no longer able to keep the puppy/dog at any point in the puppy/dog life. We will always take our babies back.
